Saint Cecilia (the patron saint of music) with St Valerian and St Tiburtius; painted by Botticini.  
Music is an art that puts sounds \_\_\_\_\_ in a way that people like or find  
\_\_\_\_\_. Most music \_\_\_\_\_ people singing with their voices or playing  
\_\_\_\_\_, such as the piano, guitar, or drums.

The word music comes from the Greek word Muse. In \_\_\_\_\_ Greece the nine Muses  
were \_\_\_\_\_ of music, poetry, art, and dance. Someone who is making music is  
called a \_\_\_\_\_.

Music is sound that has been \_\_\_\_\_ and made on purpose. If someone bangs  
\_\_\_\_\_ while cooking, it makes noise. If a person banged saucepans or pots in a  
\_\_\_\_\_ way (on purpose), they are making a simple type of music.  
Blues music was a music that was played by singing, using the \_\_\_\_\_, or the  
\_\_\_\_\_ guitar. Jazz \_\_\_\_\_ used instruments such as the trumpet,  
\_\_\_\_\_.

Music started many \_\_\_\_\_ of years ago. When early people first banged pieces of  
wood together and enjoyed the sound, they were \_\_\_\_\_ music. Early people also  
\_\_\_\_\_ that when they cut off the horns of animals they had killed and blew through  
them, they could make interesting sounds. People also blew into conch shells and made sounds that  
they liked. They \_\_\_\_\_ started to sing or shout in \_\_\_\_\_.
